Local 309 Members:

The International Office (IBEW) is participating in the National Child Identification Program. They want all IBEW members to have a Child ID Kit. A Child ID Kit is an effective tool to help families maintain current descriptive information about their children. The kit allows law enforcement authorities to scan the child's fingerprints from the completed Child ID Kit into the National Crime Information Center database, to assist in locating a missing child. Completing the kit is simple – fill out the fingerprint identification card with the most recent information and follow the instructions for the fingerprint and DNA sections. Store the card in a safe place and only turn it over to the authorities in the case of an emergency.

The Child ID Kits are available at the Local Union office.
